INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with the duty to disclose under 37 C.F.R. §1.56, attached hereto is Form PTO-1449 listing six references, which may be considered material in evaluating the patentability of the claims of the above-identified application. These six references were cited in an International Search Report issued in a corresponding PCT Application, PCT Application No. PCT/US03/33484. A copy of the relevant International Search Report is enclosed for consideration by the Examiner.

Five of the six cited references are U.S. patents and no copies thereof are provided pursuant to the PTO's waiver under 37 C.F.R. §1.98(a)(2)(i) (1276 OG 55). A copy of the sixth

reference, which is a French publication, is enclosed. As will be noted, the International Search Report indicates that the French reference is an "A" type. (See MPEP, §609(III)(A)(3), "Where the information listed is not in the English language, but was cited in a search report or other action by a foreign patent office in a counterpart foreign application, the requirement for a concise explanation of relevance can be satisfied by submitting an English-language version of the search report or action which indicates the degree of relevance found by the foreign office. This may be an explanation of which portion of the reference is particularly relevant, to which claims it applies, or merely an 'X', 'Y', or 'A' indication on a search report"),

Consideration of this Information Disclosure Statement is requested, as it is being submitted before the mailing of a first Office Action on the merits (37 C.F.R. §1.97(b)(3)). It is believed that no fees are required with this submission.

Favorable action is earnestly solicited. If there are any questions, or if additional information is required, the Examiner is respectfully requested to contact Applicants' attorneys at the number listed below.

Respectfully submitted,
